To: Recruiting Team

Subject: Application for Full Stack Developer Position

Dear Recruiting Team,

I am writing to express my interest in the Full Stack Developer position. I am passionate about web development and eager to gain practical experience contributing to innovative projects.

Over the past few years, I have built and deployed several projects that demonstrate my growing skills in web development, including:

- **Think Board App:** A full-stack notes management application using React, Node.js, Express.js, and MongoDB.
- **Portfolio Website:** A personal website showcasing my projects, skills, and certifications with responsive design and smooth UI transitions.
- **School Website Project:** A responsive website for a school, improving digital access and communication efficiency.

In addition, I have completed multiple **Infosys Springboard certifications** in HTML5, CSS3, JavaScript (ES6), React.js, and Bootstrap, which have strengthened my foundational knowledge and practical understanding.

I am enthusiastic about joining your team and confident that my initiative, dedication, and adaptability will make me a valuable contributor. I am eager to further develop my skills and support your projects effectively.

Thank you for considering my application. I would be grateful for the opportunity to discuss my qualifications further in an interview.

Sincerely,

Shyam Shree

OBJECTIVE

Aspiring Full Stack Developer with hands-on experience in MERN stack and frontend development. Eager to build responsive, user-friendly web applications and contribute to innovative projects through internships.

EDUCATION

KARNATAKA GOVT POLYTECHNIC

DIPLOMA IN CSE

2026 | Mangaluru, Karnataka

CGPA: 7.72 / 10

MCKC HIGH SCHOOL

CLASS 10TH

2019 | Kollegala, Karnataka

Percentage: 79.36%

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Languages:** Python, Java (OOP)
- **Tools:** Git/GitHub, Postman, Jira, Figma

PROJECTS

THINK BOARD | FULL STACK | 2025

- Built and deployed a note management web app with CRUD operations using MERN stack.
- Designed a clean, user-friendly interface and implemented modular React components for better maintenance.
- Developed RESTful APIs and used MongoDB for persistent storage of notes and user data.
- Implemented real-time notifications and dynamic UI updates to enhance user experience.
- Integrated responsive design to ensure accessibility on mobile and desktop devices.
- Conducted testing to handle 30+ notes concurrently without performance issues.
- **Tech Stack:** React, Node.js, Express.js, MongoDB
- **Link:** thinboard-frontend.onrender.com

PORTFOLIO WEBSITE | FRONTEND | 2025

- Designed a personal portfolio website to showcase projects, skills, and achievements in a visually appealing layout.
- Implemented responsive design, smooth UI transitions, and mobile-friendly navigation using Tailwind CSS.
- Optimized the website for SEO, fast loading, and accessibility compliance.
- Added interactive elements to display skills, projects, and GitHub contributions dynamically.
- **Tech Stack:** HTML, CSS, JS, Tailwind CSS
- **Link:** Portfolio

EXPERIENCE

SCHOOL WEBSITE PROJECT | FRONTEND | 2025

- Developed a **responsive school website**, enhancing visibility of events, digital communication, and student engagement.
- Implemented interactive event calendars and dynamic content loading for a smooth user experience.
- Increased communication efficiency by **40%** and reduced manual administrative work.
- Received positive feedback from staff and users for usability, design, and accessibility.
- **Tech Stack:** React.js, CSS, JavaScript
- **Link:** jr-school-0a13.vercel.app/e

CERTIFICATIONS

- HTML5, CSS3, JavaScript (ES6), React.js, Bootstrap – Infosys Springboard (2025)
